WHAT THE UNIQUE WALLACE "THIRD DIMENSION BEAUTY" WILL MEAN TO YOU . . .

Ordinary patterns carry their design only on the front. But Wallace creates sterling patterns like works of art—solid sterling sculptured in the round—not only in front, but also in back and on the sides. To see how this leads to special delights, turn a Wallace pattern and discover how beautifully and how differently it greets you from every angle.

Only Wallace Silversmiths devote themselves to creating **Third Dimension Beauty**—a unique distinction that will make your Wallace pattern even more admired as the years go by. Let us help you with your choice . . .
